Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Review student performance data fortnightly for students with ILP.
- Review student performance data every five weeks for all students.
- Review, revise and monitor Individual Learning Plans.
- Improve teacher capability through focused coaching and professional development to improve student performance
- Improve students' readiness for learning in the early years through engagement of parents and caregivers in literacy and numeracy activity based learning.
